

# ExcelLENT

## FALL MAINTENANCE TIPS

- Aerate the lawn
- Clear your leaves
- Have your furnace serviced early in the season
- Have your fireplace inspected and cleaned
- Inspect the caulking and weatherstripping around your home's windows and doors, and repair it as needed
- Install your storm windows
- Repair exterior siding and paint trim as needed
- Clean your gutters again
- Inspect your roof again
- Drain and winterize sprinkler systems, outdoor spigots, pools and other outdoor plumbing
- Repair cracks in your sidewalks and driveway
- Power wash your home's exterior
- Repair or replace failing home appliances before the holidays
- Replace the batteries in smoke and carbon monoxide detectors
- Clean your dryer vent again
- Wash your window and door screens
- Check for water heater leaks
- Insulate outdoor pipes and faucets
- Inspect and repair loose or faulty door hardware
- Clean your carpets
